**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I support broadband competition. Recently just moving to San Francisco I spent hours looking over the different internet providers and more providers is key to maintaining a push for the industry towards better technologies, and competitive pricing. The prices are already extremely high competition will help lower prices expand the infrastructure and provide internet to more and more homes.
